Meridith Elliott Powell – AV Rider

Hall of Fame Speaker | Business Growth Strategist | Expert in Thriving in Uncertainty

AUDIO

- **Preferred Microphone:** Handheld wireless microphone
- **Backup Mic:** Handheld wireless microphone available on stage.
- **Sound Check:** Minimum 30 minutes prior to presentation for AV and content review.
- **Walkup Music:** High energy, upbeat, motivating music to walk on stage to. Meridith can provide if needed.

VISUAL

- **Slides:** Presentation will be provided in PowerPoint ahead of time and need to be ready for review at soundcheck. Clicker needs to be provided. Fine to embed Meridith's presentation in house deck.
- **Connection:** HDMI preferred (please provide necessary adapters if alternative connections are used).
- **Display:** High-resolution projector and large screen positioned center or slightly off-center stage for optimal visibility.
- **Confidence Monitor:** Requested in front of stage showing current and next slide with timer if available.

LIGHTING & STAGE

- **Stage Setup:** Clear stage area (no podium unless requested). A small table for water is appreciated.
- **Lighting:** Warm, even front wash lighting — no harsh spotlights. Please ensure stage is well lit for video and photos.
- **Room:** House lights up slightly on the audience if possible — Meridith interacts frequently.

TECHNOLOGY

- **Internet:** Reliable Wi-Fi connection required if streaming video or accessing live data.
- **Backup Copy:** Slides available on USB and downloadable link provided in advance.
- **Tech Contact:** Please have AV lead available at least one hour prior to start
